This vehicle history report is based on **information** (<https://www.carfax.ca/vehicle-history-data>) that was reported and available to CARFAX Canada as of May 10, 2022 (or once all the data was collected from our data sources and the report was complete). CARFAX Canada draws on billions of data records from thousands of sources across North America, and we receive new historical data records every day. **There may be other information about this vehicle that has not been reported to CARFAX Canada.** When buying a used vehicle, we always recommend using a CARFAX Canada Vehicle History Report, along with a vehicle inspection and test drive, to make an informed decision.

# Vehicle History Report + Lien Check

## Lien Check

-  No lien records found in **Alberta**.
-  No lien records found in **Manitoba**.

### How We Check for Liens

CARFAX Canada uses the VIN to search government records in each Canadian province and territory (excluding Northwest Territories) where the vehicle is currently registered and where it has historically been registered. We do not check for liens or title in any U.S. state.

If a VIN has no registration records in Canada, we cannot check for liens. We cannot guarantee lien checks on trailers, recreational vehicles or heavy-duty equipment.

Purchasers should always get written confirmation from vendors that there is no lien on the vehicle.

### CARFAX Canada Canadian Lien Guarantee

If for some reason our lien check fails to accurately reflect the Canadian enforceable lien status of a vehicle at the time of the search, CARFAX Canada will reimburse the party that purchased the report and relied on it to their detriment to a maximum amount of (1) the value of the car (2) the value of the lien (3) Five Thousand Dollars Canadian (\$5,000.00), whichever is lower.
